REPORT OF THE FIRE WARDS

1957

The Fire Wards wish to report the construction of two new water holes and the repairing of one of the older ones.

The Radio Fire Communications System is now in operation with Red Network telephones in five different locations and a Base Station at the Depot Fire Station. With Headquarters at the Keene Fire Station we are a unit of Mutual Aid System for this area. Much valuable assistance is being rendered by the Meadowood Fire Department.

A 600 Gallon Tank Truck has been added to the equipment for brush fire purposes and to supply more water protection when necessary. Using the Ford chassis and pump of Engine 1, which was replaced by a new machine last year, a new water tank was connected to the pump making a very useful piece of apparatus at small cost. Labor was furnished voluntarily by members of the Fire Department assisted generously by the Highway Department.

Property damage was low this year due in great part to the prompt and efficient efforts of all Officers and Members of the Department. Several members had an opportunity to attend demonstrations at the Drill School at Meadowood. This is good training and it is hoped more will attend in the future.

We deeply regret the loss of Mr. Arthur J. Plante who so faithfully and efficiently served the Community as Fire Ward for many years.

REPORT OF LIBRARIAN

Cataloging of biographies is still in process, using time before the regular library hours.

A total of 100 volumes have been purchased during 1957, made up of 30 juveniles, 37 fiction and 33 non fiction.

Gifts totaling 44 books have been received; also magazines, 9 volumes of encyclopedias of photography, by people in town.

The State Library is still sending one of its book mobiles about every two months, which is a service greatly appreciated. It also visits the school. Circulation of juveniles has been doubled thereby.

The total circulation in 1957 was 7550.

The Trustees again call attention to the fact that the Reading Room has a large list of popular magazines, and urge that this facility offered be made more use of by the town in the year to come.

GLADYS M. WILKINS,
Librarian.

REPORT OF THE TOWN HALL COMMITTEE

At the annual meeting on March 8th, 1955 the town voted under article 9 to set up a committee of six, consisting of the three selectmen and three members at large, to be appointed by the moderator and report to the next town meeting with plans and estimates of cost for alterations to the north side of the ground floor of the town hall and basement for central heating, water supply, rest rooms, kitchen, suitable offices for selectmen, town clerk and tax collector, etc. The following committee consisting of Fred P. Wilkins, Joseph E. Tardiff, Howard M. West selectmen, and Jennie M. Fisher, Owen Meserve, and Walter M. Stone submitted a report at the March meeting, 1956 with an estimate of sixteen thousand dollars ($16,000.). The town voted $16,000.00 for this project and that the same committee should continue.

After numerous meetings with contractors who submitted plans and estimates on heating, plumbing, and masonry, the following contracts were awarded: basement (approximately 14' x 43') cement, with drains, septic tank and dry well, to W. P. Hildreth and Sons; heating, to Premier Heating Company for three furnaces—one for the Fire Station, one for the upper town hall, and one piped in two zones for the lower town hall; plumbing, John G. Heil—two rest rooms, kitchen with sinks, hot and cold water, automatic oil burning hot water heater complete. The remodeling including electrical work, painting, flooring, extension of fire escape, water, etc. were not by contract. We now have a basement with heating units and plumbing, two modern rest rooms and a waiting room, a modern kitchen, selectmen's office, a room available for a town clerk's office or other use as need arises, and a room for Civil Defense and District Nurse supplies, at a total cost of fifteen thousand eight hundred fifty-four dollars and ninety-two cents ($15,-854.92). A complete detail of expenditures appears in details No. 31 of the 1956 and 1957 town reports.

Respectfully submitted,

WALTER M. STONE, Committee Chairman.

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I herewith submit my second report as principal of the Emerson school.

School Staff

We were especially fortunate this year in retaining most of our teachers. Our former second grade teacher, Miss Muriel Britton married and was replaced by Miss Esther Grout. Miss Esther Grout, our present second grade teacher, is not new to the teaching profession. She brings to our school many years of teaching experience. The first grade is still under the very capable supervision of Miss Louise Knapton. Mrs. Evelyn Damon has quite a large class of pupils with the third grade and half of the fourth grade. Mr. Albert Whitham has in his room part of the fourth grade and the fifth grade. Mr. Alvah Niemela has the sixth grade and half of the seventh grade. Mr. Paul Tucker has the rest of the seventh graders plus the eighth grade. Mrs. Evelyn Damon and Mr. Albert Whitham do have the greatest teaching burden, but with their experience and enthusiasm they have met the challenge very well. The proper situation would be to have smaller classes, especially for these two rooms.

Special Staff

Here again with our special staff we have been very fortunate. Mrs. Ruth Cumings resigned as the Home Economics teacher and was replaced by Mrs. Edna Mann. Mrs. Mann is not new to our system. A few years ago she was a full-time teacher here in Fitzwilliam. Mr. Albert Furlong is with us again as the Manual Training teacher. He is thoroughly familiar with his work from a practical point to an academic point. Another member of our special staff is Mrs. Beatrix Sagendorph of Dublin. New Hampshire. She is our Art teacher and is here one day a week. Each class has about forty-five minutes of art instruction a week. We have

a course in Conservation which is integrated with Mr. Niemela's science class with the sixth and seventh grade. This class is under the guidance of Mrs. Hester Underhill. We have a one hour class every other week. Mrs. Underhill is from the Audubon Society and is certainly competent in this work. Mrs. Azalea Wilson is with us again this year. She is our Music Supervisor. She is most capable in her field, a hard worker, and cooperative to work with. Mrs. Jennie Fisher is our School Nurse. She is very thorough in checking and watching the children. Prevention is the key here of what might occur if we did not have her services. Mr. Fred Wilkins, the custodian, is a great asset to our school. His willingness is unlimited and he gets along so well with everyone. Our lunch program is again under the managerial control of Mrs. Aune Mattson and her assistant, Mrs. Margaret Tommila. The lunch program runs smoothly for it is a real pleasure to work with these two people. The children are transported to school by Mrs. Dorothy Mattson, Mrs. Eleanor Hill, Mrs. Aune Mattson and Mr. Henry Whipple. Presently, Mr. Fred Dodge is driving for Mr. Whipple. Many thanks should be extended to the drivers for an excellent job done despite our rugged New England weather.

Curriculum

We are endeavoring to enrich our course of studies gradually. The art program is well under way as well as our conservation program. Our main emphasis is with reading, writing and arithmetic, and I believe this is as it should be. We are especially concerned with reading all through the grades and we do the utmost possible for its attainment. I do think a Remedial Program is needed and in this way we could take care of practically all the aspects of reading. It would prove its value to those who need their remedial work. To this end, every effort should be made to obtain the part-time assistance of a special reading teacher.

Recommendations

I would still like to see our school grounds improved through a landscaping project of some kind. Our school building is in good shape both inside and outside and with landscaping we could improve the looks tremendously. This

project would not only improve the looks, but could prevent some very serious accident from occurring.

In concluding my report, I would like to express the appreciation of the teachers for the many things the P.T.A. does for the school children. I wish to extend my thanks to you, the superintendent of schools, and the Fitzwilliam School Board for your cooperation which has aided me tremendously.

Respectfully submitted,

PAUL TUCKER,

Principal.

REPORT OF SUPERINTENDENT OF SCHOOLS

Two problems emphasized in my last year's report remain as the major challenges to the Fitzwilliam School District. First, the present school plot is too small to provide adequate space for a playground or to provide for any future building expansion. Additional property should be purchased while it is still available. Secondly, six classrooms are not enough for the 160-170 pupils enrolled in the eight grades under six teachers. At present all but two teachers have more than one grade and some grades are divided between two teachers. Fitzwilliam needs two additional classrooms plus additional toilet and administrative space.

The growing costs of high school tuition now adds a third problem. In the past nine years high school tuition costs per pupil have increased 370%. During this same time the total amount approved for high school tuition in the budget rose from $2,745 to $26,300; almost a 1,000% increase in this budget item. Since tuition at Troy High School runs some $90 below the cost at Keene, serious consideration should be given to sending all beginning high school pupils to Troy. This would save $1,400 in tuition money during 1958-59 and in four years when all high school pupils attend Troy, the savings would approximate $6,000 annually. It is possible for the school board with district approval to make a tuition contract with Troy which would permit pupils already attending at Keene to continue there but would only bind the district for Troy tuition costs for all pupils now beginning their High School education.

Perhaps the best long-range solution to the high school problems of Fitzwilliam would be the formation of a co-operative high school district with Troy; where both communities would share in the control and operation of the

high school. It is certain that as Fitzwilliam grows in population, some satisfactory long-range solution must be developed if tuition costs are to be checked. District action on articles in the warrant, covering suggestions here-in, will determine the future direction of education in Fitzwilliam.

DR. CHARLES L. BOWLBY,
Superintendent of Schools.

Forest Fire Prevention is Everybody's Business

New Hampshire faces a continuing challenge in its forest fire problem —97 per cent of all our forest fires being man-caused and preventable— a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Careless and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning; improperly extinguished debris, camp and cook fires—all result in serious loss of property disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort—The rules are simple.

1. Don't burn at home—use your town dump and avoid all fire problems.
2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.
3. Be sure that all lighted material cigars, cigarettes and matches —are completely out before discarding them. Use ash trays in automobiles.
4. Make certain that your debris, camp and cook fires are completely out before leaving them.
5. Insist that others be careful and comply with burning requirements.
6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER—the fire you prevent might be the one which could burn YOUR property.
